Open to relocation across Europe (Germany, Netherlands, Denmark, Spain, Ireland) — on-site or hybrid — visa sponsorship required

Professional Summary

Microsoft 365 and Identity Infrastructure professional with 10+ years of enterprise IT support experience across healthcare MSPs, global organizations, and business-critical environments. Skilled in Microsoft 365 administration, Microsoft Entra ID (Azure AD), Exchange Online, Microsoft Intune, Active Directory, Okta and Duo administration support, identity and access management (IAM), and multi-factor authentication (MFA). Currently supporting 20+ healthcare MSP clients across 100+ facilities, resolving 40–50 mixed technical tickets per day while maintaining 90%+ SLA-compliant resolution across hardware, software, identity, and network support. Seeking Senior IT Support Engineer, System Engineer, End User Support Specialist, or Microsoft System Engineer roles in Europe.

Work Authorization

- Indian citizen open to relocating across Europe — Germany, Netherlands, Denmark, Spain, and Ireland — for on-site or hybrid roles; **requires employer visa sponsorship**.
- Bachelor's degree (Accounting, University of Calcutta) recognized in Germany via ANABIN as H+, equivalent to a German university degree.
- Indian School Certificate (Class 12) equivalent to European 12th Grade / A-Level.

- Microsoft Certified: Endpoint Administrator Associate (MD-102) — In Progress

Professional Experience

Senior Service Desk Technician — ScalableOS

December 2025 – Present | Remote

- Support 20+ healthcare MSP clients across 100+ facilities, covering Microsoft 365, endpoint, identity, hardware, software, and network operations.
- Resolve 40–50 mixed technical tickets per day across hardware, software, Microsoft Entra ID, Okta, Duo, Microsoft 365, and network-related incidents.
- Maintain 90%+ resolution across assigned tickets while consistently meeting service level agreements and customer service expectations.
- Administer and support Microsoft 365, Exchange Online, Microsoft Entra ID, Active Directory, and Microsoft Intune across multiple tenant environments.
- Assist users with Okta and Duo administration support, including authentication, MFA enrolment, account access, and login troubleshooting.
- Monitor infrastructure and network availability using SolarWinds Orion; support Cisco Meraki-managed environments; troubleshoot WAN, LAN, VPN, DNS, and Internet connectivity issues.
- Coordinate with ISPs, facilities teams, vendors, and infrastructure teams to restore connectivity and business-critical services.
- Coordinate P1/P2 incidents, stakeholder communication, service restoration follow-up, and reusable technical documentation.

Service Desk Technician — Sureminds Solutions Private Limited

October 2024 – November 2025 | Remote

- Delivered enterprise IT support and Microsoft platform administration across user, endpoint, connectivity, and access management issues.
- Resolved infrastructure, endpoint, Microsoft 365, identity, and connectivity incidents while maintaining SLA compliance and customer satisfaction.
- Supported troubleshooting for account access, endpoint performance, application issues, and network connectivity.

IT Service Desk & Support Engineer (PwC Acceleration Centers) — ObjectWin Technology

October 2023 – October 2024 | Kolkata, India · On-site

- Provided L2 enterprise support for Microsoft technologies, identity administration, and infrastructure troubleshooting.
- Supported user access management, endpoint support, incident resolution, and technical escalation activities in an enterprise environment.
- Worked with business users and technical teams to resolve service requests, access issues, and Microsoft platform-related incidents.

Information Technology Support Specialist — Newfold Digital

December 2021 – June 2023 | Remote

- Supported Microsoft 365, Active Directory, endpoint administration, onboarding/offboarding, and IT asset-lifecycle management.
- Participated in Microsoft Intune migration activities and assisted with device enrolment and endpoint management processes.
- Delivered New Hire IT orientation and supported end-user productivity across Microsoft and Windows environments.

Process Associate — Cognizant

April 2018 – October 2021 | Kolkata, West Bengal, India · On-site

- Provided L1 support for client IT, creating tickets and tasks for users, and offering technical support for accounts, software, hardware, and basic AWS issues.
- Managed the chat support team, handling chats and calls from users to ensure efficient problem resolution.

Associate — BT Group

April 2016 – June 2017 | Gurugram, Haryana, India · On-site

- Provided semi-technical support for Engineers at Openreach UK, handling telecom line and fibre network issues.
- Collaborated with cross-functional teams to troubleshoot and resolve technical challenges efficiently.
- Implemented solutions to optimize network performance and enhance customer experience.

Technical Support Representative — John Keells BPO Solutions

December 2014 – September 2015 | Gurugram, Haryana, India · On-site

- Provided technical support for Microsoft and Mac computers, resolving issues promptly.
- Conducted technical sales of in-house tech products, boosting revenue for the company.
- Assisted with Windows computer cleanup, file recovery, and removal of old files and applications.
